MESSAGE

The Armed Forces Flag Day observed annually on the 7th of December, is a solemn reminder of the immense dedication, sacrifice and valour of our soldiers. This day symbolizes our collective gratitude towards the personnel of Armed Forces, who have devoted their lives in safeguarding the sovereignty, security and welfare of the nation.

On this occasion, we must reflect upon the sacrifices of not only the soldiers actively defending our borders but also the veterans, war widows (Veer Naris) and families whose support and endurance enable our Armed Forces to excel in their duties. The Armed Forces have continually placed service before self, standing ready to defend the nation, manage insurgencies, provide disaster relief and assist civil authorities during emergencies. They also represent India globally through United Nations peacekeeping operations, strengthening our nation's reputation as a force for peace and stability.

The contribution made by you on this day through the Armed Forces Flag Day Fund play a crucial role in supporting welfare schemes for their benefit, including healthcare, education and rehabilitation programs.

In light of the evolving needs of defence personnel, the Government has introduced several initiatives aimed at supporting their post-service lives and empowering their families.

I urge the citizens of Tripura to join hands in solidarity with our Armed Forces by contributing generously to the Armed Forces Flag Day Fund. Your participation reflects our collective recognition of their sacrifices and will have a meaningful impact on the lives of our soldiers and their families.

Joy Hind!

Indra Sena Reddy Nallu 14.12.2024
